ORDER:

In the reference 1st read above, the Chairman & Correspondent, St. Mary's Women's Engineering College, Budampadu (V), Guntur District has requested the Government to supply drinking water to St.Mary's Women's Engineering College from Guntur Channel through pipelines.

2. In the reference 2nd read above, the Engineer-in-Chief (Irr), Water Resources Department, Vijayawada has submitted a detailed report and recommended to Government to accord permission to draw water from Guntur Channel for Drinking and Domestic purposes for St. Mary's Women's Engineering College near Budampadu village, Guntur District @0.06 cusecs during the canal flow period subject to certain terms and conditions.

3. After careful examination of the detailed report of the Engineer-in-Chief (Irr), Water Resources Department, Vijayawada, Government hereby **accord permission to draw water from Guntur Channel for Drinking and Domestic purposes for St. Mary's Women's Engineering College near Budampadu village, Guntur District @0.06 cusecs i.e., 0.0014 TMC during the canal flow period of 9 months, subject to the following terms and conditions**:

1. The Educational Institution i.e., St. Mary's Women's Engineering College near Budampadu, Guntur shall not have any right to draw water without permission of Water Resources Department.
2. The Educational Institution cannot claim the permission as a right at the cost of Irrigation.
3. The Educational Institution can draw water only as and when there is sufficient flows available in canal, without affecting the Irrigation and drinking water demand on any existing or proposed projects already.
4. The cost of construction of pipeline and other infrastructure should be borne by the institution duly acquiring the necessary land etc., at their own cost.
5. The water rates payable shall be as levied by the Government as per the norm of domestic water supply from time to time.
6. Pump house should be constructed away from the Channel bund.
7. Off take sluice should be constructed as per the norms of Water Resources Department and banks should be protected with wing walls and banks should be constructed with proper consolidation under the supervision of the Departmental officers.
8. The sill level of Intake pipeline should be fixed above ½ FSL of the canal.

**(PTO)**

9. Water measuring devices should be placed at the off take point and proper locking arrangements and shuttering arrangements must be made with their own cost under the supervision of the Water Resources Department.
10. The operation of Off-Take sluice shall be under the control of Water Resources Department.
11. Water supply will be stopped when there is lean flow in the channel.
12. The water charges are to be paid in advance for the year on Demand as per the rate fixed by the Government.
13. The Educational Institution should be given an undertaking that they will not raise any legal complications for not supplying of water during the drought period, short fall of rains and any type of unforeseen problems.

4. The Engineer-in-Chief (Irr), Water Resources Department, Vijayawada shall take necessary further action in the matter.

5. Copy of the order is available in the **apegazatte.cgg.gov.in** website.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
